The cause of Democracy in St. Louis is not helped by the action of the hoodlums who broke up the Republican meeting at Carondelet last night.

It has been said that the United States Supreme Court is overworked and is always far behind its docket. And yet it has just adjourned for its annual vacation of five months.

Missouri Democrats will get three more Post-Dispatches this month. Three Missouri Democrats will think the gift from the mills of the gods is mighty fine, while the rest of the brethren will think only how dreadfully slow the grinding is.

Boston and Philadelphia are following the example set in St. Louis by the POST-DISPATCH and have opened subscriptions for the Federal Fund. We must look to it that these rich Eastern cities do not eclipse St. Louis with their contributions.

The Washington correspondents are again trying to thrill and startle the country with rumors of an impending social war between Mrs. Henderson and a combination of females of high degree in Washington. Happy is the nation whose annals are dull.

The pneumo-pneumonia is now under control, police prospects are brightening abroad, the dose of Federal office is beginning to reach Missouri, and now while the song birds are twittering and the spring flowers are blooming is the very time for contributions to the Bartholdi Pedestal Fund.

Bad drainage and contaminated wells are the accepted explanation of the fearful mortality from typho-malarial meningitis which is now decimating the large town of Plymouth in Pennsylvania. The people who are fighting against the closing of contaminated wells in St. Louis should make a note of this.

A JURY TO TRY RICHARD BROWN for his murderous assault on Capt. FRIELAN has been obtained. It will have to make up its verdict from a fearful amount of contradictory swearing. The men who could involve FRIELAN into such a death-trap will not hesitate to furnish the jury that may be necessary to protect their thigh.

SENATOR WARNER MILLER of New York returns from a Southern tour convinced that the election of a Democratic President is regarded in the South as an eradication of the old line of white, and is therefore having a most wholesome effect in that section. The wholesome effect on both sections is so apparent that all intelligent Republicans recognize it, and all patriotic Republicans are thankful for it.

FROM an elaborate leader on the business situation the Philadelphia Times evolves these conclusions:—(1) That there is general depression in industry only because there is general depression in business and trade. (2) That there would be no such depression if business had half the confidence in itself that the situation justifies. (3) That therefore there is "just one way to start business, and that is to start it." If the country could only be assured that this opinion comes straight from Capt. JACK BURNETT himself, the boom would begin at once.

DECLARED OFF.

No Regatta to Be Held at Creve Coeur Lake Next Sunday.

The regatta at Creve Coeur Lake, the great local event in aquatic circles, which was to have taken place next Sunday, has met with an untimely end. Mr. J. A. St. John, who has for some time been in charge of the regatta, has just received word from the Missouri Pacific Railroad Company that they would be unable to furnish the necessary cars for the transportation of a crowd to the lake, and in view of this fact, rather than have a repetition of last year's troubles at the depot, he thought it advisable to abandon the regatta. The railroad company said they would only be able to run the regular train, and that the special cars which had been used for the lake travel, as they also say this same state of affairs will probably continue throughout the year, no further efforts will be made to bring carmen together at Creve Coeur. The regatta was to have been held on Sunday, May 10, to take part in the World's Regatta to be held there.

Lucas Signs Castles.
At noon to-day the St. Louis League Club left on their last night. Mr. Lucas, who is absent from the city, had signed E. J. Castles to play with the St. Louis League Club. Castles, who was a prominent member of the New York and other League teams, will hold down the position of pitcher for the St. Louis club. He is a heavy hitter, a great thrower, a splendid fielder, and will in every way strengthen the team. Castles is at present at Havana, Cuba. He will join the St. Louis club at Detroit, immediately, and will be eligible to play in tomorrow's game.

Three in a Row.
The fourth game between the Chicago and St. Louis clubs at the League Park, yesterday, resulted as its last two predecessors had—in a victory for the visitors. The game was won in the first inning, consequently all interest in it was lost. A very small crowd was present, and they seemed to have been there for the sake of the game. The St. Louis club, who have won three in a row, are now leading the league. The Chicago club, who have lost three in a row, are now trailing.

Our League Feels Depressed.
Last night the St. Louis League Club left on their last night. Mr. Lucas, who is absent from the city, had signed E. J. Castles to play with the St. Louis League Club. Castles, who was a prominent member of the New York and other League teams, will hold down the position of pitcher for the St. Louis club. The Driving Club Matinee.
It would be well for all parties interested to take part in the races for the benefit of the Page avenue sprinkling fund, which take place over the Cote d'Azur track on Saturday, to remember that the entries close to-day. The programme consists of two trotting and a pacing race. The first race is the 2:40 class of trotters for a purse of \$100, divided into four prizes. The second race is free for all pacers for a purse of \$100, and the third is free for all trotters for a purse of \$100. The races are all mile heats, three heats in all, and will be trotted and paced under the rules of the National Trotting Association. The entrance fee is 50 cents, which must accompany the entry, will be required on the purse, in each race. Entries should be addressed to Lewis A. Clark, secretary, No. 126 N. Eighth street. The Cote d'Azur track is located near the St. Charles Rock road, and has been closed, and that the one on Page avenue will have to be used instead.

Games Elsewhere.
The Cincinnati Reds yesterday, shutting out the Pittsburghs 3 to 0. The feature of the game was the fine fielding of both sides and the hard hitting of the Cincinnati. The first three innings were kept busy looking for the ball. One of the most exciting games of the season was played at Philadelphia yesterday between the Boston and Philadelphia clubs. The game was a close one, and the Philadelphia club won by a score of 2 to 0. The Baltimore club had a picnic with the Metropolitan yesterday, which was a very successful one. The game was played at the Metropolitan grounds, and the Baltimore club won by a score of 10 to 4. The features of the game were the excellent playing in right field, the batting on both sides, and the hard hitting of the Baltimore club. The game was a very exciting one, and the Baltimore club won by a score of 10 to 4.

Racing at Nashville.
Yesterday was another good day for racing and a large crowd was present to see the sports. In the first race, five furlongs, for 2-year-olds, Prima Donna was the winner. Uncle Sam came in ahead by a length, but was set back for crowding the others at the head of the home stretch. The time was 1:28. The second race, for the market stakes, was a dash of a mile and an eighth, for all ages, was won by Gilmore by half a length in exactly three minutes. In the fourth race, three-quarters of a mile, for 3-year-olds, Tabitha won by six inches in 1:13.

A Noted English Pedestrian.
James William Raby, who is the champion steeple chaser of the world, reached Boston last Thursday morning from England. He came on the Atlantic, and landed at New York. He is a very famous man, and has won many races. He is now in Boston, and is expected to win many more races. He is a very famous man, and has won many races. By Their Foe.
The St. Louis League Club has just received word from the Missouri Pacific Railroad Company that they would be unable to furnish the necessary cars for the transportation of a crowd to the lake, and in view of this fact, rather than have a repetition of last year's troubles at the depot, he thought it advisable to abandon the regatta. BEAUTY'S PLUCK.

A Mid-Day Sensation in the Principal Thoroughfares of New York.

How an Aristocratic Lady Fulfilled a Bet to Drive an Ice Wagon—A Big Blue-Shirted Driver's Embarrassment and Admiration.

By Telegraph to the Post-Dispatch.
New York, May 5.—A solid-looking black mare, with the faintest hint of white on the end of her nose, drew a trim little coupe, with red stripes running around it, through the tangled network of vehicles on Broadway and Grand street yesterday, and pulled up with a jerk on the west side of the thoroughfare. Rumbling along behind the coupe came a big ice wagon. The driver wore a blue shirt, open at the neck, and had his trousers tucked down his boots. The coupe was driven by a coachman in bright blue uniform, adorned with glistening silver buttons. When the black mare stopped, the driver sprang from his box and pulled the coupe door open. Two ladies alighted. One wore a maroon-colored silk dress, a red plush coat, with chenille trimmings and heavy fur collar. The other wore a blue dress, with a black belt and a black hat. The ladies stepped out of the coupe, and the driver sprang back to his box. The ice wagon driver, who had been waiting for the coupe to pass, looked on with admiration. The ladies walked down Broadway, and the ice wagon followed them. The scene was a sight to see, and the ladies were the talk of the town.

The Blair Monument.
The committee who have in charge the unveiling of the Blair monument at Fort Sumner, have completed the arrangements for the ceremony. The date set for the unveiling is Thursday, May 21, and Mayor Francis has promised to request the merchants and the city to observe the day as a half holiday. The monument is a large granite structure, and is the work of the Blair family. It is a very fine monument, and is the pride of the Blair family. The unveiling ceremony will be a very important one, and will be attended by many people. The Blair family is a very famous one, and the monument is a very fine one.
